

COMPARES THE CITY'S CHIEFS

Rear Admiral Chadwick Tells Of The European Government's Methods Of Civic Control.

SPOKE BEFORE LARGE GATHERING

Of The League Of American Municipalities At Norfolk, Virginia--Recites Instances Of Bad Judgment In America.

[BY ASSOCIATED PRESS.]

Norfolk, Va., Sept. 19.—Rear Admiral Chadwick, United States Navy, spoke in explanation and advocacy of the Newport, R. I., system of municipal government before the League of American Municipalities today, and also devoted a portion of his address to a comparison of American and European forms of city administration, declaring that the American people had much to learn in this respect.

"The first need in an understanding of this subject of municipal administration," declared Admiral Chadwick, "is a realization of the immensity of our backwardness in nearly all things which go to make the well organized, well administered town. Though we are all agreed that our municipal conditions are in general bad, I do not think that it is at all generally understood how very bad they are in comparison with those of well ordered cities in other countries. I have lately been abroad and tried to keep my eyes open as to what is doing in Europe, and I must say that the resulting feeling was one of deep mortification when I called up a recollection of some of our own conditions. Germany in particular does for the public, in gardens, parks, ornamental waters and other means of enjoyment, for the mass, what we, with a few exceptions, scarcely attempt.

"American towns as a rule have simply been the subjects of exploitation through a long series of years for the benefit of seekers after political power or for what we have come to call graft. We have not in grumbling humor, throughout this era without sufficient energy or public spirit to free ourselves.

"The situation which we are attacking is one of unparalleled national disgrace. Pride of our supposed intelligence and energy is wholly misplaced until we shall produce a change. Character is the first of products, and until we shall, as a people, stand up as a place of honesty and self-respect for the public good, our self-satisfaction is but as dead fruit. The living fact is that our backwardness in city administration is due to our want of national backbone and to a want of that widespread intelligence which we are to want to boast as being ours in a very high degree.

"After such study as I have been able to give the subject, I have become convinced that the main cause of our failure in placing city administration, a profession which demands thorough knowledge and experience, in the hands of haphazard, short-term men. A mayor with us is the accident of a day; the same may be said of all the rest of our officials. Their only real knowledge as a rule is the game of politics and they naturally play to keep in power. A change to a greater permanency of office among our technical officials particularly is thus our primal need. This necessity is everywhere also recognized. Taking English procedure, we find the actual administration wholly in the hands of technical experts, who, I would also add, are called from any part of the country.

"But it is Germany which recognized in the greatest degree the business aspect of municipal administration, and it is to Germany that we must go to find its highest and best development. The mayor in Germany is a mayor by profession, a highly trained and experienced city administrator. He may be called, if he acquires a reputation, from city to city. He is in fact an employee.

"After discussing briefly the Galveston and Des Moines systems, and criticizing the former as an almost entire separation of the people from their civic duties, Admiral Chadwick continued:

"The system adopted in Newport, R. I., and very successful thus far in operation, is in a great degree a return to popular government. It is when analyzed a system of a small body of administrators, six in all, who are completely responsible for the manner in which administration is carried on. But all power of taxation, appropriation of funds, appointment to the more important city offices is in the hands of a body of 185 which we call the Representative Council. In principle the system is not unlike that of Washington, where there is an executive commission of three men appointed by the President and subject to Congress. There is no analogy whatever between the Washington usage and the Galveston plan. The Washington commission has not plenipotentiary power more than has the board of aldermen at Newport. The latter as well as Washington is the Galveston or the Des Moines system, plus a large popular supervising body.

Admiral Chadwick declared the Des Moines charter to be a long step from the crumpled of the Galveston system. Its vital defect, in his view, is in leaving the whole money power in the hands of one small body of men. He continued:

"The essential difference between Des Moines and Newport is that in the latter there is an entire separation of the spending power from the power authorizing expenditure. This, however, is a deep and vital difference. The whole evolution of government has been toward such a check.

MEET COMMISSION FOR A DISCUSSION

Railroad Officials Gather in Madison to Talk Assessment of Property.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., Sept. 19.—(Representatives of the railroad companies appeared before the tax commission to discuss the method of valuation of property of the roads for assessment of 1908.

PICKED HIS POCKET DESPITE HIS OFFICE

Supervisor George Merrill of Beloit Lost His Bank Roll This Morning.

[SPECIAL TO THE GAZETTE.]

Beloit, Wis., Sept. 19.—When Special Officer George Merrill accompanied Constable George Merrill and Supervisor George Merrill to witness the departure of people going to the Walworth County Fair he will keep his hands on his pocket book and look out for jostling, hustling strangers with nimble fingers. Merrill, who holds three offices, was at the St. Paul depot here this morning watching fair goers pile on the St. Paul train for Elkhorn. Suddenly he felt a shove, a push, and when he showed back and put his hands in his pockets he found that twenty-five dollars in cash and checks amounting to a hundred and seventy-five dollars more were missing. He was unable to locate his nimble fingered friend and now the police are looking for him.

Sopho Busy.

For two nights now the college Sophomores have made nights miserable for the unfortunate Freshies. They have wandered about the streets in small parties, pounced upon unfortunate and made them recite poetry and dance wonderful jig. The affair will culminate in the annual cane rush Saturday afternoon.

Mysterious Alarms.

The city fire department is up in

UNCLE SAM—John, we've let this fellow out of the jug and we may have trouble in getting him back in again.

According to the Arabian Nights' yarn, a certain enterprising individual released an evil Genie from a bottle. The Genie on being requested to be stopped up again, politely refused.

WOLVERINES ARE AT JAMESTOWN EXPO

Prominent Men of State Grounds for Michigan and Detroit.

[SPECIAL TO THE GAZETTE.]

Norfolk, Va., Sept. 19.—The celebration of Michigan Day and Detroit Day at the Jamestown exposition attracted many visitors from the state and city today. Exercises appropriate to the occasion were held in the Auditorium this morning. The distinguished participants included Governor Warner of Michigan, Senator Julius C. Burrows, Hon. William Allen Smith, John T. Blech, president of the Michigan commission, and Mayor William B. Thompson of Detroit. The visitors were greeted by Governor Swannick of Virginia and President Tucker of the exposition. Scores of visitors registered at the Michigan State Building during the day.

EVANSVILLE WOMAN ILL ONLY TWO HOURS

Mrs. James Winters, Aged 78 Years, Passes Away Suddenly at Her Home Yesterday.

[SPECIAL TO THE GAZETTE.]

Evansville, Sept. 18.—Mrs. James Winters died very suddenly at her home on Second street this afternoon at half-past one, aged about seventy-eight years. Her death came as a great shock to all, for although she had been in feeble health for some time, she was able to be about the house until two or three hours before she passed away. As yet no funeral arrangements have been made.

THREE KILLED WHEN TRAIN HIT SWITCH

Lake Shore Electric Railroad Has an Accident Near Toledo This Morning.

[BY ASSOCIATED PRESS.]

Cleveland, O., Sept. 19.—According to information received at headquarters of the Lake Shore Electric Railway company, a conductor and one passenger were killed and a score of passengers more or less seriously hurt when a westbound suburban car struck an open switch and was derailed near Toledo today. The dead and injured were taken to Toledo.

NEW JERSEY REPUBLICANS

Trouton, N. J., Sept. 19.—The Republican state convention assembled in the Taylor opera-house here today and was called to order by Senator Frank O. Briggs, who is chairman of the state committee. The chief work before the convention is the nomination of a candidate for governor and the adoption of a platform.

The gubernatorial nomination is to go to Justice J. Franklin Fort of the supreme court, who is the choice of the so-called organization of the republicans of New Jersey. Justice Fort is a native of the state and has long been prominent in its political affairs. His public career began in the early '70s, when he became judicial clerk of the legislature. He served for eight years as judge of the district court at Newark, and as a delegate to the republican national convention in 1896 he presented the name of Garret A. Hobart for vice president. He is conceded to be one of the best campaign orators in the state.

STUDENTS OF CRIME WILL END SESSION

Tonight Closes Annual Meeting of National Prison Association Held in Chicago.

[SPECIAL TO THE GAZETTE.]

Chicago, Ill., Sept. 19.—Prison discipline and preventive and reformatory work were the principal subjects discussed at the sessions of this, the last day of the annual meeting of the National Prison Association. Among the speakers heard were Superintendent W. H. Whitaker of the Indiana Reformatory, who presented a report on "Preventive and Reformatory Methods in Penal Institutions"; Col. Jacob H. Hanger, chief of police of Louisville, who discussed the police department's attitude toward the indeterminate sentence; Mrs. Emma O'Sullivan, of Toronto, who read a paper on "Some Difficulties in Reformatory Work Among Women"; John L. Whitman, superintendent of the Chicago House of Correction, who was heard on "Corrections Discipline"; and Mrs. Annie M. Webb, matron of the women's prison at Auburn, N. Y., who presented a paper on "Prison Discipline of Women."

A number of persons of prominence are scheduled to speak at the closing session tonight, which will be open to the public. Among the number are Mayor Z. R. Brockway of Elmhurst, N. Y.; Warden H. W. McClaughry, of the United States penitentiary at Leavenworth, Kan.; Prof. A. E. Davidson, of the University of Nebraska; and Rev. H. B. Hart, D. D., secretary of the National Children's Home Society.

VATICAN AFRAID OF TOMORROW'S RESULT

Thirty-seventh Anniversary of the Fall of Papi Power May Hurt Pope's Power.

[BY ASSOCIATED PRESS.]

Rome, Sept. 19.—Fear of serious complications is felt at the Vatican as to the outcome of the demonstrations tomorrow over the thirty-seventh anniversary of the fall of the temporal power of papacy and the capture of Rome by the Italians as the event has taken a decidedly anticlerical turn.

M'KINLEY'S BODY IS PLACED IN A TOMB

Shortly After Two Late President's Body Was Placed Beside That of His Wife.

[BY ASSOCIATED PRESS.]

Canton, O., Sept. 19.—Shortly after two this afternoon the body of the late President McKinley, guarded by a detail of United States soldiers, was taken from the grave in Weston cemetery to the mausoleum on Monument Hill. The casket was placed in the sarcophagus beside the casket containing the body of Mrs. McKinley.

JUDGE LANDIS ATTENDS REUNION

Cummins, O., Sept. 19.—Judge Kenneth Mountain Landis of Chicago, who recently addressed the big fine against the Standard Oil company, was the guest of honor and principal speaker here today at the annual reunion of the Thirty-fifth Ohio Volunteer Infantry. The father of Judge Landis, Dr. Abraham H. Landis, was surgeon of the famous regiment, which was known as "The Fighting Thirty-fifth."

AMERICANS AT WHITE PLAGUE CONFERENCE

International Congress to Discuss Methods of Preventing and Curing Awful Disease.

[SPECIAL TO THE GAZETTE.]

Vienna, Sept. 19.—More than fifty delegates from America were present today at the opening of the International Congress for the Study and Suppression of Tuberculosis, which has already decided to hold its next year in Washington. The present congress will be in session about one week. Among the subjects considered will be the use of tuberculosis as a method of preventing the propagation of the disease, recovery in advanced stages of the disease, tuberculosis in the army and the Red Cross, and the tuberculosis campaign and the railway service.

"SHOW ME" PARTY IS HEADED BY GOV. FOLK

State Executive and Party of Missourians Leave for Jamestown to Celebrate Missouri Day.

[SPECIAL TO THE GAZETTE.]

St. Louis, Mo., Sept. 19.—The official party which will represent the state at the celebration of Missouri day at the Jamestown exposition leaves St. Louis today for the east. The party is headed by Governor Folk who will be the central figure at the celebration to be held next Saturday. Other prominent speakers representative of the state will also be on the program. The indications are that a large number of Missourians will attend the celebration.

JOHN DIETZ WAR IS A CLOSED INCIDENT

Famous Cameron Dam on the Thornapple River is Opened to Lumber Company.

[BY ASSOCIATED PRESS.]

Winter, Wis., Sept. 19.—The famous Cameron dam on the Thornapple creek has been settled. The terms are not given out, but it is stated that millions of feet of logs, that have been held up by John Dietz, the intrepid defendant of the dam, will be moved immediately. Dietz has gained national fame by defying the authorities in their efforts to dislodge him from his dam.

Says \$15,000

Milwaukee, Wis., Sept. 19.—A special dispatch from Glen Lake today says that for \$15,000 John P. Dietz, the famous outlaw of Cameron Dam, has compromised with the Chippewa Logging & Lumber company and the warfare between this company and the famous outlaw which has been carried on since 1904 is now over.

The Agreement

W. L. Mosen of Chippewa Falls, representing the logging company, has agreed to pay Dietz \$15,000 to allow the company to float the logs which have blocked the dam for so many years. It is said that the Chippewa company still refuses to compromise with Dietz but Mosen made a contract with the company to move the logs down the river over the dam for \$30,000, then he went to Dietz and offered him \$15,000 for permission to bring the logs through. The lumber company claims that it has not given in.

CLEVELAND POLITICS MAY ATTRACT EYES OF NATION

Mayor Johnson Renominated By Democrats-- Congressman Burton Will Be Republican Candidate Whom Roosevelt And Taft Have Indorsed.

[SPECIAL TO THE GAZETTE.]

Cleveland, O., Sept. 19.—Tom L. Johnson receives his fourth nomination for mayor of Cleveland at the democratic city convention today, and from now until the November election there will be waged the most excitement campaign in the political history of this city, not exceeding the contests of several years ago, in which the late Senator Hanna was the central figure. The republicans have picked upon Congressman Theodore E. Burton to make the race against Mayor Johnson and their selection is admittedly the strongest one that could have been made.

The indorsement of Mr. Burton's candidacy by President Roosevelt and Secretary Taft, it is said, may be followed by speeches here by both later on in the campaign. If this rumor proves correct it is probable that William J. Bryan and other prominent democratic leaders will be heard here in behalf of Mayor Johnson. In any event the campaign is bound to attract the attention of the entire country. A victory for Mr. Burton would naturally add to his reputation and would probably prove a stepping-stone to the United States Senate.

Cleveland is regarded as a normally republican city by from 7,000 to 10,000 majority in national elections, and up to the advent of Mayor Johnson six years ago the republicans had ruled the city and county for years with the exception of isolated cases. In selecting Mr. Burton to oppose Mayor Johnson the democratic leaders admit that the republicans have put forward their strongest man, and while they claim Johnson will win, they concede that the race will be close. It was Burton who defeated Johnson after the latter had served two terms in Congress, having been previously elected as a democrat in a district which was largely republican. Since that campaign Mr. Burton has continued to represent the district in Congress, and has been returned biennially without opposition in his own party and either unopposed by the democrats or with only perfunctory opposition.

But Tom L. Johnson, as has often been said, is a lucky in politics as in money making, and he has risen from poverty to the millionaire class. He possesses in a superlative degree that picturesque quality which brings him out a winner in a political fight when apparently a large section of the people is opposed to him and the public press dead set against him. It is said the same indefinable quality that won repeated successes for the late Carter Harrison, and many times mayor of Chicago, and Hazen P. Plagge, mayor of Detroit.

Mr. Johnson was first elected mayor of Cleveland in 1901. His platform in that contest was brief. Equitable taxation, 3-cent fares on the street railways, and personal attention to the office he made fast. While declaring that the single tax and municipal ownership would remedy alleged existing evils, Mr. Johnson did not make them as prominent issues in his campaign as was expected. At the outset he asserted he would spend no money, and make no pledges to procure his election. As soon as his political enemies admit, these pledges were religiously kept.

During his campaign he was charged with failure to pay his taxes, even on his home; with repudiating conditions upon which he obtained franchise rights for his Cleveland street railways; with all sorts of trickery in promoting similar enterprises in other cities; with lavish use of money in his congressional campaigns, and an attempt was even made to show that he purposed adopting similar tactics at the eleventh hour in his mayoralty fight.

Despite all the accusations of this character, however, Mr. Johnson was elected by a plurality of more than 6,000, the largest, with one exception, that any mayor had received in Cleveland for 25 years. In the last two campaigns Mayor Johnson succeeded in increasing the plurality which he gained in his first election, and in his last race, which was two years ago, he polled up a plurality of nearly 12,000. In six years' rule of the county as well as the city administration has, as a result of the Johnson leadership, become nearly solidly democratic.

But it is generally admitted that Mayor Johnson now has the light of his life on his hands. Mr. Burton is a native Buckeye and his record both personally and politically is clean. He is an expert on finance, and in the last congress was at the head of the house committee on rivers and harbors. He is a strong supporter of Secretary Taft for the presidential nomination, and before it became known that he would run for the mayoralty it was announced that he was favored by the administration people for the speakership of the next congress, in preference to Mr. Cannon of Illinois.

CARRIE NATION WAS GIVEN A SENTENCE

Must Spend Seventy-five Days in Washington Work-house for Disorderly Conduct.

[BY ASSOCIATED PRESS.]

Washington, D. C., Sept. 19.—In the police court today Mrs. Carrie Nation refused to promise not to talk to crowds on the street in the future and was sent to the work-house for seventy-five days in default of payment of a fine of \$25. She was arrested yesterday for disorderly conduct.

FREIGHT STEAMER BURNED AT BUFFALO

Crew Is Thought to Have Escaped Safely from Burning Craft—Name Unknown.

[BY ASSOCIATED PRESS.]

Buffalo, N. Y., Sept. 19.—An unidentified freight steamer, thought to be the Strasburger or the Wiley M. Egan, was burned to the water's edge in Lake Erie about 25 miles west of Long Point early today. It is thought the crew escaped.

MARKET REPORTS.

OWNED QUARTER OF THE STANDARD OIL?

In 1892 He Had a Large Share of the Company's Capital Stock.

[BY ASSOCIATED PRESS.]

New York, Sept. 19.—John D. Rockefeller owned more than one-fourth interest in the old Standard Oil trust, according to testimony of W. D. Tifford in the federal proceedings against the Standard Oil Co. of New Jersey here today. Tifford testified it was correct that Rockefeller owned 251,861 shares out of 972,500 shares of the Standard Oil certificates in 1892 and that later an assignment was made transferring to Rockefeller his proportionate interest in the stocks of the subsidiary companies. Evidence was adduced from Tifford which tends to prove the Standard is operating in Texas under the name of the Christiana Refining company. The Texas anti-trust laws forbid the Standard from doing business within the borders of the state.

MILWAUKEE MAN IS GIVEN A POSITION

Made Assistant General Freight Agent of the Chicago, Milwaukee & St. Paul Road.

[BY ASSOCIATED PRESS.]

Milwaukee, Wis., Sept. 19.—J. M. Davis of Milwaukee has been named assistant general freight agent of the St. Paul road in Milwaukee. He is the first officer here since D. W. Keyes died in 1906. Davis worked up from office boy and has been with the road for thirty years.

SAVED THE CHURCH BY PROMPT LABORS

Lightning Set Fire to Church and Pastor and Wife Put Out Flames.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., Sept. 19.—Rev. Geo. Brown and wife are the heroes of Brooklyn in this county. Lightning struck the Methodist church at Brooklyn late yesterday afternoon and the pastor and his wife saved most of the building with buckets of water.

Taken to Her Home: Mrs. Homer Paul, who has been at the Mercy Hospital for the past four weeks, recovering from a serious operation, was removed to her home, 12 Prairie avenue this afternoon. Her husband is reported in a critical condition this afternoon.

COUNTY FAIR TALK
RIFE IN THE CITY

Citizens Generally Want One Established—Gazette Opens Its Columns for Discussion.

Each year about now the talk of Janesville holding a county fair is discussed only to die down until the following summer, when it is too late to begin operations. Just at present so many have spoken seriously on the subject that the Gazette has decided to open its columns to a discussion of the subject in hopes that something definite can be arranged for next year. County fairs to be successful must be planned in advance. They need a year of careful consideration and work before the gates are open to the public. It is now too early to begin operations for the season of 1908. It is understood that Mr. Howelick would be willing to rent the old fair grounds for this purpose and while the fence would need repairing, grounds and some of the buildings slight repairs the track is excellent and the facilities of handling the crowds as good as any county fair in the country.

Janesville for many years had the reputation of holding a model fair. In years gone by the state fair was held here and the Rock county fair was long noted with as much prominence as the Walworth County fair today. The secret of the success of the fairs is the work of the secretary. This office and that of treasurer should be held by the same individuals only one term and not kept as a steady occupation in the same hands.

The need of a fair is apparent to anyone who has studied the fair situation. They must be interested and do this good strong business must be at the head of the association. Rock county is one of the banner counties of the state and there is no reason why it should not have a county fair second to none.

Summers from Evansville state that in all probability this year was the last of their fair and that they dropped out of the race last season. This leaves Rock county the third richest in the state without a county fair. Believing that opinions on this subject will be interesting the Gazette will be pleased to open its columns to a discussion. The articles should all be signed and addressed plainly to the Gazette Printing Co., Janesville, Wis., County Editor.

It is trusted that many who have ideas on this subject will be glad to air them and write for the readers of the county in general.

INTERURBAN ROADS
FATE TO BE SETTLED

State Railway Commission Will Hear Arguments on Montgomery Franchise. October 2.

Word was received this morning from the secretary of the Railway Commission that the formal hearing of the application of a franchise for building an interurban road from Madison to Stoughton will be held on October first. The city of Janesville has filed a formal objection to the granting of the application and will be represented at the hearing. It is possible that Edgerton will also be represented as the line to Stoughton would seriously affect that city as well as Janesville. This fact that the city of Janesville has extended its option on the local street railway and is at present in the east may be taken that he has not lost hope of building the road. The presence in the city of a representative of an eastern street railway construction syndicate is also taken to mean that others have their eyes on this particular line. It was stated at the hearing in Madison last day that the management of the Rockford & Interurban Company had indicated that they would possibly take over Mr. Clough's franchise and surveys and extend their line from this city to Madison. Meanwhile a survey is being run down from Watertown towards Janesville. It is at present just north of Ft. Atkinson and it is possible that the Degees interests who are extending their lines from Oconomowoc in Watertown mean to divert their line towards Janesville next year.

The Dore—Yea, I always say just what I think.
The Dore—Indeed, that accounts for your silence, then.

Salary in Kind.
The Cat—I wonder if I'll ever get more than this for one song?

Buy it in Janesville.

COUPLE WED DESPITE
RAIN OF YESTERDAY

Chas. H. Nott of This City Marries Miss Helen Grace Antidel of Alton Yesterday.

Alton, Sept. 19.—Love laughs not only at localities, but also at the weatherman, for in spite of Wednesday's downpour, the plans of Cupid were not to be frustrated and the wedding party assembled at the home of Mrs. C. H. Antidel witnessed the pretty ceremony which united for life the eldest daughter of the household, Miss Helen Grace, to Charles H. Nott of Janesville. It was high noon when the contracting parties took their places and Rev. Richard M. Vaughan of Janesville spoke the fateful words which made them husband and wife. Following the ceremony, and after congratulations and best wishes had been bestowed, a tempting three-course luncheon was served. The bride was very neatly attired in a combination of cream and lace, while the groom wore the conventional black. The ceremony was witnessed by the immediate families of the two young people and by a few of the younger friends of the couple. Many useful and beautiful presents were bestowed upon the newly wedded pair. They departed on the afternoon train for a three weeks' trip, which will include Chicago, Racine, Milwaukee and points across the lake in Michigan. On returning they will make their home in Janesville where the groom is a member of the manufacturing firm of Nott Bros. and where both are well known and highly esteemed by a large circle of friends.

BRODHEAD.

Brodhead, Wis., Sept. 18.—C. E. Doolittle is expected home from a visit of a week with his brother, Mr. H. Doolittle, and family, at Sauk Center, Minnesota.

Mrs. Laura Pluggett and daughter of Sunset, Washington, is here renewing old friendships of twenty-five years ago.

Rev. Stone who has been pastor of the Baptist church here for a year past, tendered his resignation to the church on Sunday morning last, to take effect October 15.

Rev. A. G. Fraser who has been pastor of the M. E. church the past two years took to Marshall the coming conference year.

The past twenty-four hours have been a period of almost continual rain without thunder and lightning. There has been some wind but not enough to do any particular damage.

Editor Vinegar of the Independent office spent a part of the past week in Morrison, Ill., his boyhood home.

Rev. Kvale of Oxfordville spent Tuesday in the city calling on friends.

J. C. Bridge was here over Sunday from Madison and returned Monday. He says work on the new capitol is making very slow.

Our schools opened Monday morning with a large attendance. There has been some difficulty in finding place for all the grades owing to the building of the new school house. All are now located, however.

ALBANY.

Albany, Sept. 18.—Mrs. Grace Tilly and daughter, Harriet, left last week for Chicago to spend several months with relatives.

Dr. and Mrs. E. H. Fessenden returned Monday noon from a six weeks' visit with their sons at Chamberlain, Minn.

John Tallmadge returned Wednesday from Rockford where he visited his daughter, Mrs. Roy Sweet.

E. E. Warren spent several days the first of the week at Elgin and Chicago.

Clay Edwards took his departure on Monday for Monroe where he will attend business college.

Mrs. Clayton Holcomb and son of Hololt are here on a visit to her parents.

Mrs. Wash Thompson and daughter were here from Brodhead several days of last week.

Mrs. Doll Towns was up from Brodhead to spend the day Thursday.

Miss Madge Roe of Madison visited her aunt, Mrs. Will Burton several days last week, returning home Saturday.

Mrs. Ella Warren spent Thursday and Friday in Monroe visiting relatives and attending the fair.

Mrs. Roy St. John and child spent last week in Monroe with her parents and also attended the fair.

Mr. and Mrs. Fred Morton were guests of relatives at Juda over Sunday.

Mr. and Mrs. F. Chamberlain and son left Tuesday morning for Beloit for a week's visit.

Warren Roberts and wife spent last week with the father's parents at Monroe and also attended the fair, returning home Tuesday.

Mr. and Mrs. Chas. Tompkins are spending a couple of weeks with Milton relatives. They expect to leave next month for Kennebec, Wash., to reside, having sold their residence here to Chas. Smiley who will take possession as soon as vacated by Mr. and Mrs. Tompkins.

Mrs. Frank Howard has been visiting relatives and friends in Monroe the past week.

Miss Maud Warren spent Friday at Monroe at the fair.

Mr. and Mrs. Ed. Boyles were over Sunday guests of Beloit relatives.

Mrs. John Conn returned home Monday from a week's visit with relatives at Monroe and Juda.

C. E. Walters was home from Milwaukee several days last week.

Miss Della Woodling of Brodhead was a visitor here Saturday.

Mrs. Geo. Alcock was here from Brodhead several days last week visiting her parents.

Chas. French of Evansville, Ill., spent several days here last week. His mother, Mrs. C. O. French, who has been spending the summer here with her sister, Mrs. Ella Warren, returned home with him.

Mr. and Mrs. Dan Cleveland were Milwaukee visitors last week where they visited relatives and attended the fair.

During the storm Monday night three horses belonging to E. Pookham, five head of cattle belonging to Vern Pryce and three sheep belonging to D. Pryce were killed by lightning. D. Pryce's farm was also struck twice.

D. H. Morkan, an old and highly esteemed citizen, has been seriously ill the past few days.

Minny Moore, Jay Harrington and

Ed. Maughmire returned Tuesday evening from their pearling expedition. Mr. and Mrs. Geo. Lewis spent Tuesday in Monroe at the fair. Harry Whitcomb and the Misses Louise Whitcomb and Louise Manning attended the fair Saturday and remained over Sunday with relatives. They made the trip in their automobile.

BRIEF LOCAL NEWS.

Was 78 Yesterday: John Nelson, Sr., father of Horatio and Benjamin Nelson, received congratulations yesterday on his seventy-eighth birthday. Elmer Wilson at Hospital: Elmer Wilson, bell boy at the Hotel Myers, was removed yesterday to the Mercy Hospital, where he will submit to an operation for appendicitis. The boy's mother, who is also employed at the hotel, and his many friends will await the outcome with considerable anxiety.

Interment of an Arm: An arm which Engineer Louis Daly had in part with the result of an accident in the Illinois Central yards at Chicago, was yesterday interred in the Mt. Olivet cemetery. The unfortunate man's mother and sister brought the severed member here yesterday noon. Engineer Daly, a former resident of this city, is reported to be improving slowly at a Chicago hospital.

Uncle, but Misguided: Path's Polito Vandoville and Opera Co. is evidently composed of sincere aspirants for theatrical fame, but overweening ambition led the routing agent astray. An entertainment which was received with some show of enthusiasm at Lake Geneva was given the "thumbs-down" by a veteran theatre-goer at the Myers opera-house last night, a young woman who could dance some received the only applause. The handclap and cabinet act, a minstrel monologue, and a empyrion song by a trio of youths, were greeted with disdainful silence. The attendance was small.

Automobile Party: An automobile party consisting of Mr. and Mrs. E. J. Joler of Plano, Ill., and Mr. and Mrs. J. P. Coimell of Chicago, are registered at the Grand hotel. They were bound for Madison and were stranded two days at Walworth by the rains and resulting bad roads.

In Justice Court: The action of C. C. MacLean vs. A. C. Kent, brought by the plaintiff to recover for the manufacture of a quantity of corn planters, was called for trial in Judge Hendry's court today. Judgment against the garnishee in the sum of \$14.35 was rendered in the action of J. E. Gokey vs. the C. & N. W. Ry. Co. The case of C. N. Van Kirk vs. Mrs. Mary Canary was adjourned one week.

Suits Against City: Kate Richter has commenced in circuit court four actions against the city of Janesville to recover for damages alleged to have been done to her property near the Five Points by reason of defective sewers. Mrs. Katie Trubell, whose personal injury claim was disallowed by the common council, has also appealed to circuit court.

HEIRESS IS SHOT
BY JEALOUS MAN

DROGA SEIGEL, FATALLY WOUNDED BY JULIUS HOFFMAN.

TRAGEDY IN NEW YORK

Daughter of Austrian Colonel Already Had Caused Divorce Suit Against Man Who Tried to Kill Her.

New York, Sept. 19.—Droga Seigel, an heiress, 20 years of age, and daughter of a colonel in the Austrian army, now dead, was fatally shot Wednesday night by Julius Hoffman, a married man and formerly a lieutenant of Col. Seigel's regiment.

The tragedy was the outcome of jealousy on the part of Hoffman, who, after shooting Miss Seigel, tried to shoot himself but was prevented by the dying girl.

Cause of Divorce Suit. Hoffman and his wife came to America in January, 1906, and the latter worked as a dressmaker in this city. Soon afterward Miss Seigel, who had lived with the Hoffmans in Austria after her father's death, came to New York. The wife three months ago began divorce proceedings and instituted a suit against Miss Seigel for \$10,000 damages, for alienating the affection of her husband. Recently Hoffman suspected that he had a rival in the young woman's affections and Wednesday he went to her apartments, demanding that she tell him the name of the man who had supplanted him in her love. Miss Seigel protested that she loved only Hoffman.

Shoots Girl Twice. After threatening her with a pistol for half an hour, Hoffman shot her twice, and, as he told the police, placed the muzzle of the pistol in his mouth intending to kill himself. Before he could pull the trigger, he says, Miss Seigel sprang upon him to prevent him and in the struggle that ensued the pistol was discharged, the bullet lodging in Miss Seigel's head and inflicting a mortal wound.

Miss Seigel was taken to a hospital, still declaring her love for Hoffman. She would have come into a fortune of \$100,000 a year hence.

Staircase That Plays Tune. A staircase has been invented which plays tunes as it is walked up and down upon. A series of pins is pressed by the feet and plays songs and drums while others are connected with collapsible chambers which blow various instruments.

ALLINOIS COUPLE WERE
WEDDED AT COURTHOUSE

Rev. Tippet Tied Knot for John Edward Olson of Chicago and Miss Betty Palm of Rockford.

This Noon. John Edward Olson of Chicago and Miss Betty Palm of Rockford secured a marriage license and special permit at the courthouse and were wedded in the office of the county clerk at noon today. Rev. J. H. Tippet officiating. Licenses were issued today to Oscar Linden of Boscawen, Mich., and Miss Ingeborg Buckler of Janesville; George W. Thompson of Parsons, Kas., and Mary Louise Wadron of Beloit; Albert A. Brandenberg and Harbo Sornow, both of the town of Center.

Late this afternoon a license was issued to Miss Esther Matilda Vanderlyn, an operator in the Wisconsin Telephone Co.'s exchange, and John B. Laurie of Madella, Minnesota.

Cruiser Milwaukee at Frisco. San Francisco, Cal., Sept. 19.—The United States cruiser Milwaukee arrived here Wednesday from Panama and anchored near the St. Louis. The vessel will be joined in about a week by the cruiser squadron from the Asiatic station now at Honolulu.

If you have anything you wish to sell try a Gazette want ad, they do the business, on short notice.

GREAT LOCKOUT IS COMING.

English Shipbuilders Take Action Against Boatmakers.

London, Sept. 19.—Between 40,000 and 50,000 members of the boatmakers' society will be locked out October 5. Notices to that effect were posted Wednesday by the Shipbuilders' Federation. The men affected are employed chiefly at the east coast ports, at Barrow and on the Clyde.

Close Call for Railway Passengers. Elkins, W. Va., Sept. 19.—Passengers on a train on the Western Maryland road had a thrilling experience when the front end of the rear passenger coach left the trucks as the train was ascending the Black Water grade, near here, and hung suspended over a gorge 500 feet deep. The car teetered for a moment and then settled down on the edge of the precipice.

Annual Parade of Odd Fellows. St. Paul, Minn., Sept. 19.—The festivities incident to the annual convention of the sovereign grand lodge of the Independent Order of Odd Fellows reached a climax Wednesday afternoon in the annual parade. Between 6,000 and 7,000 persons were in line.

Well-Known Horseman Is Dead. East St. Louis, Ill., Sept. 19.—John R. Bratton, well known as a horseman throughout the United States and particularly in the east, died Thursday. For several years Mr. Bratton was engaged in buying horses for the Vanderbilt and other big stables.

Unless You Wish to Make
Money**

**Chicago Dixie at 5c Will
Make Wealth**

The property of the CHICAGO DIXIE MINING CO. consists of 412 acres in Churchill county, Nevada; capitalized at 2,000,000 shares, par value \$1.00 each, fully paid and forever non-assessable. 1,200,000 shares of capital stock were put in the treasury to develop, equip and operate the company.

The property is absolutely free from any indebtedness. It was purchased direct from the original locators and paid for in cash and stock. CHICAGO DIXIE is located a little northeast of the famous Comstock mine that made for its owners about \$60,000,000 and is on a line to the north of Wonder, Fairview, and Goldfield. In the Dixie district, known as a very highly mineralized ground, 12 miles long and about 6 miles wide, and called the cream of Nevada.

President Frank E. Wire has just returned from a three weeks' trip to Nevada. He reports the property of the CHICAGO DIXIE MINING CO. as being far richer and better than he had ever thought before and has materially increased the force at the front, started a cook house, bunk house, assay office, and stable, and has concentrated development work on the shaft going down on the ore body. Remember the CHICAGO DIXIE COMPANY has four different ore bodies that is believed will each make a mine.

We have abundance of copper, gold and silver on the surface. Promoters and mining and business men in Nevada view our property with great favor and think that with our LARGE and RICH properties, splendid district, moderate capitalization and large treasury reserve that our stock is entirely too cheap and should be selling at a higher price. Where the shaft is being sunk the vein is 3 1/2 feet wide on the surface. The quartz vein lies between porphyry, blue and diorite and dips about 40 degrees into the mountain. The president states that he never felt safer in any proposition than he does in this speedy and certain outcome of the CHICAGO DIXIE, and also states that he thinks it is the best buy on the American market today at 5 cents per share. Will you let this grand opportunity pass without securing 100 shares or more at 5c? You can make big money at this price for it soon will go higher. Buy now and be sure of the price, 5 cents. Don't let it be sold when this stock is selling at 25c, 50c or \$1.00 that you had a chance to buy it at 5 cents and would not because it was cheap. The right time to buy legitimate mining stock is when you can get in at the ground floor prices. When you wait to see if it is all right, as you may think, then you must pay 100 cents on the dollar and there is no profit only in the dividends.

\$50.00 invested in Gold Coin stock in 1894 at 5 cents per share realized \$3,000.
\$100.00 invested in Gold Coin stock netted the investor, a Washington clerk, \$15,000 in three years.
\$100.00 invested in Camp Bird grew to \$75,000 in a few years' time.
Calumet and Hecla stock was at one time down to 17 cents per share, now over \$900 per share.
Send for a circular about CHICAGO DIXIE—it will only cost 1 cent—and you will be wiser, and do not buy CHICAGO DIXIE at 5 cents unless you expect to make money.

F. A. TAYLOR CO.

Manufacturer's Stove Sale

Saturday--The Grandest Opening of the Season

The Stove department shall be recognized as the largest and most complete in Southern Wisconsin, carrying the best assortment of Base Burners, Ranges, Furnaces and Stoves made by the greatest manufacturers of the world—namely the Garland, the Jewel, the Riverside, the Peninsular, Coles Hot Blast and The Quick Meal. Every Stove has a national reputation and is fully guaranteed by the maker. You will find The White House the proper place to get just the Stove you want—to get the best and the latest make, the most dependable in quality and workmanship and at the factory prices for a little (or a great deal) less than you'd have to pay elsewhere.

We maintain the same liberal merchandising policy that has brought us to the very front rank today of Wisconsin's greatest retail stores—marking all goods on the small-profit-quick-sale basis; sharing the benefits of all price concessions gained through advantageous buying.

Don't Miss the Manufacturers' Stove Sale

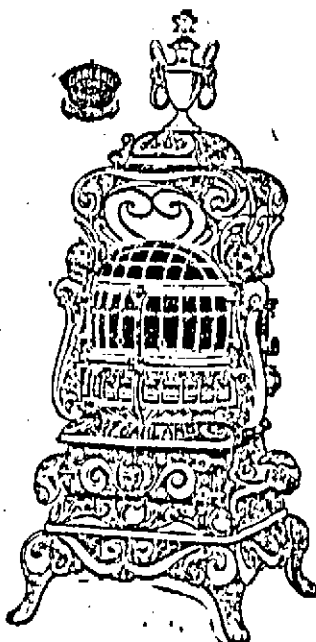

"HURT" STOVES?

Would you buy a "hurt" stove? We have a few stoves, ranges and heaters, that are slightly "hurt" some have been used a short time, others perhaps damaged slightly, but all would give good service and the price—well they're Bargains. Come and see them.

SALE CONTINUES
FROM SEPTEMBER 21st
TO SATURDAY
NIGHT, OCTOBER 5th.

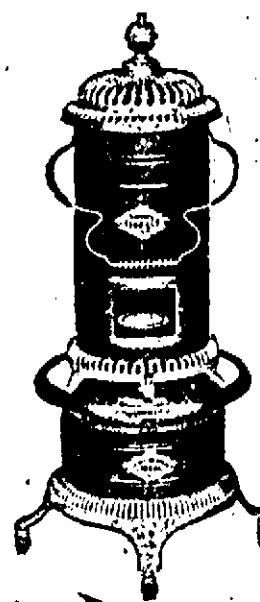

SOMETHING NEW

Manufacturers' Display of Base Burners, Steel Ranges, Hot Blast Stoves and Oil Heaters

The largest and best manufacturers of Stoves and Ranges in United States will have on display at The White House commencing Saturday, September 21st, to Saturday October 5th, inclusive, a sample of every hard coal burner, Range, Hot Blast and Oil Heater, including the celebrated Gilt Edge Furnace. This will be the greatest variety of good stoves ever shown in Southern Wisconsin.

To every one selecting a stove during this great sale, and making a small payment on same, we will give the benefit of factory prices, every stove is marked in plain figures, which we assure you will be away below regular selling prices, and cheaper than you will get one again this winter. If you need a Heater, Range or Stove of any kind, now is your time to buy and save money.

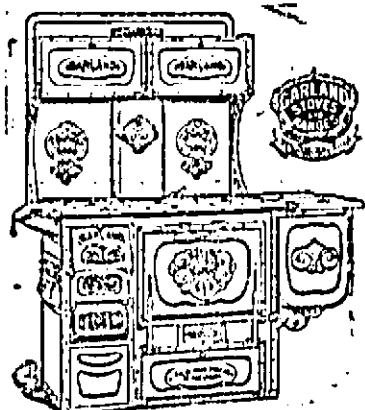

Remember, you do not need to pay in full or take the Stove out until cold weather, when we will deliver it free to any part of the city.

New Fall Shoes at \$2.40 a Pair

Every pair of Women's and Men's Shoes in this assortment was made for this fall's trade, and represents a new style for the coming season.

There isn't a shoe in the collection that sells regularly for less than \$3 pair. All go on sale Saturday morning at \$2.40 a pair. It is the greatest shoe value ever brought to Janesville. There are too many kinds to particularize, but every leather, every style, every toe shape, every sort of heel—in fact, everything that's new and up-to-date will be found in this great group of Women's and Men's Matchless Shoe Bargains.

Men's Satin-Calf work Shoes, 6 to 11 at...**\$1.69**
Men's Heavy Tap Sole Shoes, 6 to 12 at...**\$1.95**
Women's Vici Kid Shoes, blucher style, 3 to 7...**\$1.39**
Women's Kidskin Shoes, new dress style, 3 to 7 at...**\$1.95**
SCHOOL SHOES

When getting the boy or girl a pair of school shoes, plan to get stout serviceable footwear.

Any other kind soon shows the relentless wear healthy children give their shoes, hence poorly made "cheap" shoes of inferior materials is not economy—so in buying, be guided by how serviceable rather than how cheap.

"KIK-TOE" Shoes are reinforced at the toe with a heavy leather tip— if the toe "kicks" out before the rest of the shoe gives up the fight, we'll replace the tip without extra charge. Calf and Kid, sizes up to 11 at **\$1.45**; and 11½ to 12 at **\$1.69**.

IMPORTANT

The New Fall Millinery

gets its first formal showing September 21st and continues for one week.

Prepare yourself for some delightful surprises in the way of novel and exclusive ideas. Bring your friends with you—as many as you wish. Every New Fall and Winter Hat is Direct from New York.

Men's New Fall Suits

ARE EXCEEDINGLY ATTRACTIVE.

Cloths are in new weaves and colors and in a sweeping variety that includes styles to meet the wants of every man. Undress worsteds, soft finished cassimeres and hard-twisted fabrics.

A BARBAIN is not a matter of the price, but, purely a question of value received.

Cheap clothes have little or no value. Good clothes are the only kind worth having—because you get a definite return on your investment.

If you want to be sure that you get good clothes— isn't it just as important to be particular about where you get them?

Our new Clothing Department is strictly a store of good clothes for men, young men and boys and there's an honest dollar's worth for every hundred cents you put in the garments we sell.

You can come here and get a suit for \$8.95, \$10 and \$12.50 which will surprise you with their high quality of style and material. They will fit you as no tailor can without fussing over you three or four times trying them on. Our speciality is furnishing the very best obtainable suit at about one-third less than you can buy them elsewhere.

COOKING EXHIBITION

OF THE

GREAT MAJESTIC MALLEABLE AND CHARCOAL IRON RANGE
ONE WEEK AT OUR STORE SEPTEMBER 23-28 INCLUSIVE ONE WEEK

FREE!

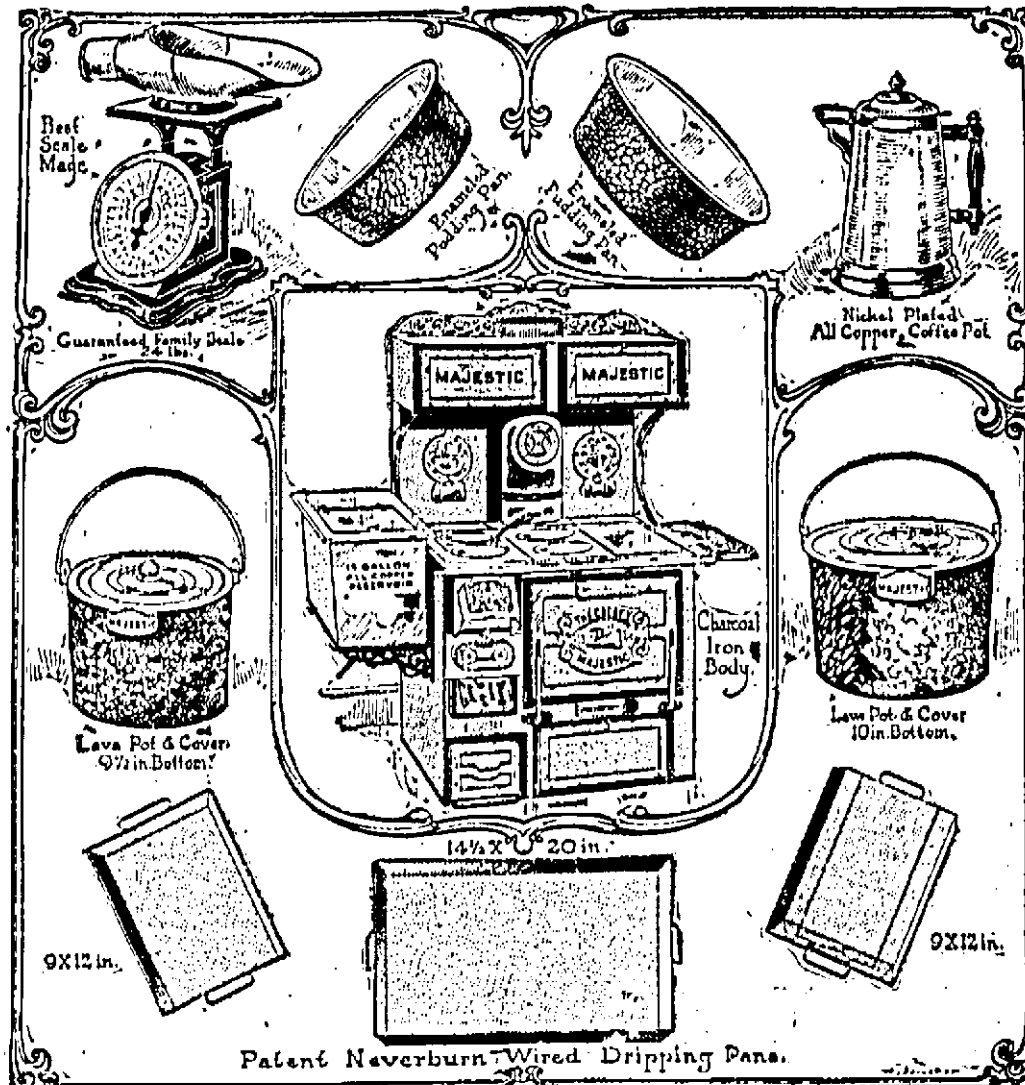

\$7.50

SET OF WARE

With every Majestic Range sold during this Cooking Exhibition, we will give absolutely FREE one handsome set of ware as shown. This ware is worth \$7.50 if it is worth a cent. It is the best that can be bought. We don't add \$7.50 to the price of the range and tell you you are getting the ware free, but sell all Majestic Ranges at the regular price. You get the ware free. Remember this is for exhibition week only. Ware will not be given after this week. This ware is on exhibition at our store, and must be seen to be appreciated.

Come in any day during the week. Make our store your headquarters. Have coffee and biscuits with us.

Come if you intend to buy or not; the information gained will serve you in the future.

Facts About The Great Majestic Range

It is the only range in the world made of Malleable and Charcoal Iron.

It has, beyond any question of a doubt, the largest and best reservoir.

It uses about half the fuel used on other ranges, and does better work by far.

The Majestic All Copper Nickeled Reservoir heats the water quicker and hotter than any other. It is the only reservoir with a removable frame.

The Charcoal Iron Body of the Great Majestic Range lasts three times as long as a steel body.

Being made of non-breakable material, there is practically no expense for repairing the Majestic.

As for baking, it is perfection, not only for a few months, but for all time to come.

A Great Majestic Range lasts three times as long as a cheap range, but it doesn't cost three times as much.

PROOF—We don't ask you to take our word for any of the above statements, but if you will call at our store, a man from the factory, where Majestic ranges are made, will prove to your satisfaction, that these are absolute facts, and will show you many more reasons why the Great Majestic Range is absolutely the best that money can buy.

L. Brown. Finder please leave at Arthur
Held & Co.'s and receive reward.

Read the want ads.

..Forty Years Ago..

Janesville Daily Gazette, Thursday,
Sept. 19, 1867.—Patent.—We observe
among the list of patents recently
issued, one to H. Richardson of this
city for an improved axle for car-
riages.

Silver Plating—The silver plating
establishment of J. Wright, over the
store of E. L. Wright, is getting to be
one of the establishments of the city.
For a reasonable compensation he
makes old goods resemble new ones.

Runaway No. 7—A man of large,
gray horses belonging to Jacob Stoller
became frightened at the cars this
noon, while hitched near the depot,
and breaking away ran down Milwau-
kee street until near the corner of
High where the tongue of the wagon
came in contact with a locust tree. A

broken neck yoke and a damaged
harness were about the only fruit of
the mishap. This makes the seventh
runaway that has occurred in the city
this week.

Horticultural Fair—Do not forget
in the excitement of your daily affairs
to make preparation for the exhibi-
tion of fruits and flowers to be held
in Wheeler's hall, on North Main
street, on the afternoon and evening
of Monday, Sept. 23. From present
indications there is no doubt that this
exhibition will prove one of the finest
ever held in the city. Pomona and
Flora are making every exertion for
full and beautiful display in their
several departments. Remember that
competition is free to all—whether
members of the society or not—and
to all persons in the city or country.

Before The Footlights

Little Yennie Yensen
That jolly good fellow and funny
comedian, J. Ward Kett, will head a
cast of eleven people in producing the
best of all musical comedies, "Little
Yennie Yensen," at the Myers thea-
tre Friday, Sept. 20, matinee and
evening.

J. Ward Kett has been a
popular entertainer many seasons in
popular productions, and has won
highest favor in the leading vaudeville
houses east and west, his success as
a star has been phenomenal through-

out the country. "When the Band Plays
Yankee Doodle," and the latest suc-
cess entitled "Sonora." All the mis-
cellaneous arrangements were made by Mr.
Kett, the popular composer of the
latest New York hits, made popular
by Sonora and others equally famous
in their line.

"Before and After"
All that money can do, all that art
can provide, all that can be suggest-
ed by up-to-date ideas has been sim-

SCENE FROM "BEFORE AND AFTER," MYERS THEATRE SEPT. 20TH
The east and south, and the musical
comedy, "Little Yennie Yensen," has
been praised by the press as one of
the best vehicles for real fun. The
production is staged elaborately, con-
tained beautifully and acted cleverly.
The models have that fascinating
operative fervor, the general ensem-
ble is perfect, and the cast is an ex-
cellent one for musical comedy. Lu-
ella Reynolds and Adah Heyman, the
prima donnas, with Leonard Reed
and John Ward, lyric tenors, are promi-
nent in the ensemble and solo work,
while the other voices possess both
volume and exquisite harmony. Many
specialties are introduced during the
action, prominent among them may

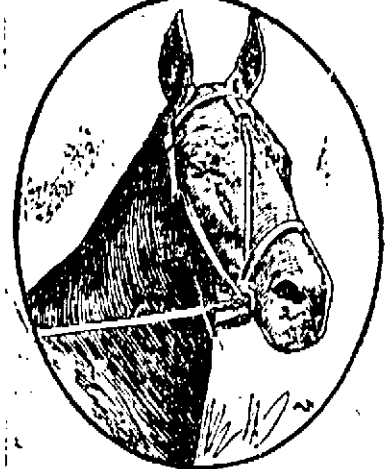

TWO FAMOUS HORSES

Sonoma Girl, Trotting Queen,
and Sprinter Roseben.

THEIR INTERESTING CAREERS

Great Trotting Mare's Sire, Lynwood
W. Had a Rejected Record of 2:20 1/2.
Roseben the Holder of Two World's
Records That May Stand For Years.

Seldom in the history of trotting
horses has there been recorded such a
wonderful record performer as Sonoma
Girl. She is the feature of the year
and is the talk among light-harness
men everywhere.
With the possible exception of Lou
Dillon, there has never appeared a
green mare so fast and full of promise
as this, which has lately come out of

SONOMA GIRL, GREAT TROTTER.

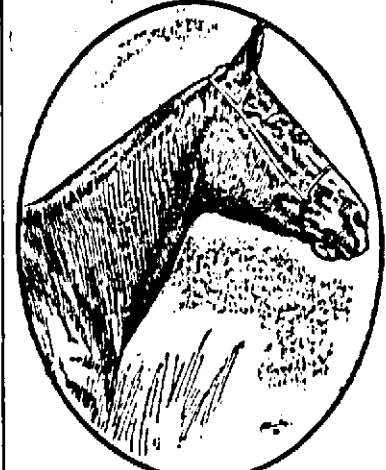

the west to defeat the best that the
east has to offer, and this upon her
first trial. Lou Dillon's mantle, or, to speak
more literally, blanket, of glory pum-
ces to fall.

Sonoma Girl's sire was Lynwood
W., with a rejected record of 2:20 1/2,
made in a cup trial as a two-year-
old at Stockton, Cal., in 1892. Lyn-
wood W. subsequently changed hands
several times and was finally retired
to the stud. Sonoma Girl's dam was
Maud Fowler, which got her record of
2:25 in the fifth heat of a winning
race and was credited with the ability
to trot in 2:15. Her first colt, the foal
of 1893, was Sonoma Girl. Recently
Sonoma Girl was sold to Latta and J.
A. Crabtree of Leedsfield, Mass., for
the sum of \$50,000. It is more than
likely that she will win her purchase
price out before the season ends.

In the matter of showing extreme
speed in short distance racing Rose-
ben's equal under any scale of weight
has not been seen in this country. He
holds the world's record at both six
and seven furlongs.

It may be years before another horse
will equal Roseben's record. He has won
no less than sixteen races at six fur-
longs in 1:13 or better and four races
at this distance in 1:12 or better. John
A. Drake paid \$2,000 for Roseben as a
yearling, and the Iowa turfman reared
him through his three-year-old form.
The dam, Rose Leaf, still alive at Dix-
field farm, has now at her side a full
brother of Roseben, her first foal since
Blair Athol, the brother to Roseben
that was a state winner as a two-year-
old in 1903. Rose Leaf is now seven-
teen years old. She is the daughter of
the American bred sire, Duke of Mon-
trose; but her dam Imp. Pulgurtie, a
daughter of Thunderbolt, is strictly of
English blood. Roseben is an illustra-
tion of a successful horse that was
reared but little in his early career. He
started but once as a two-year-old and
then not until late in the season, and
that he is now still able to win in good
company is no wonder to students of
turf history.

The old gelding is rapidly rising in
the ranks of big money winners, he
having already crossed over the \$50,000
mark, his earnings to date footing up
\$61,800. This is a remarkable showing

ROSEBEN, GREAT SPRINTER.

considering the fact that he did not
win a dollar as a two-year-old and only
\$2,435 as a three-year-old. As a four-
year-old he earned \$21,220, while as a
five-year-old last season he won \$23,
325, and this season as a six-year-old
he has already won \$4,810. The most
valuable race he ever won, the Carter
handicap, worth \$9,000, shows he has
been to win a large number of races to
reach the high mark among big money
winners. His best other wins are the
Claremont, Manhattan (both in 1905
and 1906), Toboggan, Fall and Bayview
handicaps and Flight and Sterling
stakes. His record in the Carter handi-
cap is notable, he winning that event
in 1905, finishing second in it in 1906
and being third in the same event this
season.

Once Often Enough.
Opportunity knocks but once. Oth-
er knockers, please copy.—Jaggood's
Opportunities.

Helps the Housewife

Biscuits, cake and pastry
will be light, fluffy and
wholesome; baking worries
will vanish and all troubles
disappear when she depends
upon

Calumet Baking Powder

Strongest in leavening power.
Purest in material and prepara-
tion. Never fails to produce a
light, sweet baking. Costs less
than Trust powders, more than
low-grade powders.

Complies With ALL Pure Food
Laws—State and National.

Don't forget—Calumet.

The Showing of NEW TAILORED SUITS

Now here is an exceptional
one for so early in the
season

and the number of sales already made is quite remarkable. A
great many of the favored New York styles with coats rang-
ing from 30 to 45 inches in length are on display and early
lookers will have no trouble in being suited. As to colors,
navy blue is first choice with brown second, but plain colors
are not by any means the only things, as a great line of the
pretty stripes and small checks in dark color combinations
are also here. As we told you last week, don't be afraid to
come in and look even if you are not ready to choose yet—\$15
to \$40.

Corner W. Milwaukee and Jackson Sts.,

BRITAIN TO USE OIL IN HER NAVY

ADMIRALTY WILL SUBSTITUTE IT
FOR COAL AS FUEL.

MAKES HEAVY PURCHASES

Government Also Will Develop the
Nigeria Field—Easy Tranship-
ment at Sea Chief Factor
in Decision.

London, Sept. 9.—According to in-
formation from the inner circles of the
admiralty, the government has decided
to substitute oil for coal at the British
naval bases throughout the world.

It is asserted that the government
already has made heavy purchases of
oil in Texas, Roumania and Galicia,
and is also prepared to monopolize the
entire oil-producing field of Nigeria.
The latter is still undeveloped, but the
authorities are drilling on a large
scale in places, where the surface
conditions indicate plentiful oil depo-
sits.

Sanishes Welsh Coal.

The government is keeping the matter
secret lest it give rise to keen
competition for oil on the part of the
various navies and not only need up
the price, but complicate the problem
of getting adequate supplies. Hitherto
it has always been supposed that the
world reckoned Welsh steam coal as
an important factor in the British
naval strength, since in the event of
a crisis other nations could be denied
access to this fuel. Therefore, the
British government naturally would
hesitate to announce a decision de-
stroying whatever value might inhere
in this idea from the standpoint of
King Edward's navy.

Experiments Prove Costly.

The experience of Sir Henry Camp-
bell-Bannerman's government, in this
matter thus far has been expensive.
The Shell trust offered the govern-
ment oil at rather more than 50 shil-
lings (\$12) a ton, delivered at the
Falkland Islands. The Texas oil pro-
ducers offered oil at 45 shillings (\$10.
80) a ton delivered on the coast of
America. This proposition was accept-
ed, but when the oil reached the coast
the government found that tank
steamers could not be used to transport
it across the seas. The result was that
the oil delivered at the Falkland
Islands finally cost 87 shillings (\$20.
88) a ton.

Transportation Is Easier.

The admiralty experts say that oil can
be transported much more easily
than coal, and can be transhipped at
sea by means of flexible tubes under
conditions that would make the trans-
shipment of coal impossible. It is an-
ticipated that when the British gov-
ernment's position with reference to
oil becomes generally known there will
be a great demand for this kind of
steam-producing fuel for factories and
locomotives.

WILL OBSERVE CONVENTION.

France Intends to Withdraw Most of
Troops from Morocco.

Paris, Sept. 9.—If the peace nego-
tiations at Casablanca are successful,
France intends to prove her loyal re-
spect for the terms of the Algeiras
convention by immediate repatriating
the main portion of the troops, leaving
only a sufficient force at Casablanca
to insure, in conjunction with the
Spanish troops, the policing of the
city.

Tangier, Sept. 18.—Advice received
here from Fez confirm the report that
Sultan Abd El-Aziz recently left the
northern capital for Rabat with an
army of 5,000 men. While traversing
the region inhabited by the Beni Hani-
sen tribe, he received numerous adhe-
sions, bringing his total of troops up
to 15,000.

The population of Rabat is divided
into two camps in support of the rival
sultans, and the governor of Mogador
has issued a proclamation in favor of
Sultan Mulai Hafid. Nevertheless the
Moroccan war minister, Gabbas, ex-
presses the opinion that the revolt will
subside upon the arrival of Sultan
Abd El-Aziz at Rabat. He considers
that the decision of the holy Unas at
Fez in favor of Abd El-Aziz will prove
a determining factor with the Musul-
mans, as the sultan is regarded as the
commander of the faithful.

It is reported here from Fez that a
plot against Abd El-Aziz has been dis-
covered. The ring leader is a Moor
prominent at court named Beni Daoud.
He and the members of his family
have been arrested and compromising
correspondence between them and
Mulai Hafid has been seized.

Foraker Speaks at Hillsboro, O.
Hillsboro, O., Sept. 19.—With Sen-
ator J. B. Foraker, a native of this
county, as chief orator, the celebra-
tion of the one hundredth anniversary
of the founding of Hillsboro was con-
cluded Wednesday. By combining
"home coming" week and the centen-
nial of the town, thousands of former
residents have been brought here from
all sections. This was Soldiers' day,
and numerous regimental reunions
were held.

Fish's Charges Are Dropped.
New York, Sept. 18.—At a meeting
of the directors of the Illinois Cen-
tral railroad Wednesday the charges
recently made against President J. T.
Hackett and Vice President J. O.
Hackett by Stuyvesant Fish were
dropped upon the recommendation of
a committee of investigation.

A Handsome Compliment

ARREST ALLEGED GRAFTERS

PENNSYLVANIA AUTHORITIES
ACT IN CAPITOL FRAUD CASE.

Warrants for Fourteen Persons and
Firms, Sworn Out—Chief Defend-
ants held in \$50,000 Bail.

Harrisburg, Pa., Sept. 10.—The long-
expected arrests of those held to be re-
sponsible for the frauds committed in
the furnishing and decorating of Pen-
sylvania's \$12,000,000 capitol were
made Wednesday. The attorney gen-
eral causing warrants to be sworn out
for 14 of the 18 persons and firms named
by the capitol investigation commis-
sion as being involved in the scandal.

The warrants were sworn out be-
fore Harrisburg aldermen, and nearly
all the defendants appeared during
the day, waived a hearing and en-
tered bail for their appearance in the
Dauphin county court. Several were
unable to appear because of illness
and will make their appearance later.
The principal defendants were held
in \$50,000 bail, which was furnished
in every instance by surety com-
panies.

All the defendants are charged with
conspiracy to cheat and defraud the
state by making false invoices, which
were approved by Architect Hutton,
former Superintendent Shumaker,
Charges of obtaining money by false
pretenses were also entered against
Contractor Sanderson, Congressman
Chase and Builders Payne and Vet-
ter, it being alleged they furnished
fictitious bills for a greater amount
than they were entitled to receive un-
der contracts.

CALLS PHILIPPINE ASSEMBLY.

Governor General Issues Proclamation
—Ship Subsidy Works Well.

Manila, Sept. 19.—The governor
general has issued a formal proclama-
tion convening the national assembly
on October 16. Plans have been made
to render the inaugural session of the
assembly a brilliant function.

The members of the Philippine com-
mission believe there is a prospect of
the early passage of a public utilities
law, based on the recent railway rate
legislation of congress.

The end of the first year of the op-
eration of the insular ship subsidy law
shows it to have been highly success-
ful. A comparatively small appropria-
tion has been involved, and a decided
improvement in the service of
feet.

A number of citizens here have
drafted a letter to President T. A. Je-
ferson, requesting the presence of Je-
ferson battleships at the inter-continental
carnival to be held at Manila during
the first week of February, 1908.

An elaborate reception will be given
to Secretary Taft in this city on Oc-
tober 15.

FALLS 2,000 FEET TO DEATH.

Edward Richards, Aeronaut, Is Killed
at Fair in Ohio.

Troy, O., Sept. 19.—Edward Rich-
ards, of Dayton, an aeronaut, dropped
2,000 feet to death Wednesday at the
Miami county fair grounds.
The ascension was made at four
o'clock and the balloon sailed toward
the north. When Richards cut the
parachute loose it filled, but fell only
a few feet when it struck a heavy
wind and was tossed about until sev-
eral of the ropes broke. Richards
shot to the ground like an arrow. He
struck in a tree about a half mile
from the grounds and was killed in-
stantly.

Novel Invitation to President.

Natchez, Miss., Sept. 19.—An in-
vitation in unusual form, asking Pres-
ident Roosevelt to visit Natchez in his
coming southern trip, has been pre-
pared by this city. The invitation is
a small book containing six water
colors by F. Carter Beard, who illus-
trated some of President Roosevelt's
books. One page is devoted to the
signatures of Confederate soldiers liv-
ing near Natchez. Descriptive parts
of the book have been contributed by
writers of some note.

Warrants for Fraud Defendants.

Boise, Idaho, Sept. 19.—A warrant
was issued Wednesday for the arrest
of Sumner G. Moon and James L.
Harber, of Eau Claire, Wis., million-
aire officers of the Barber Lumber
company, and Horace H. Rand, of
Hurlington, Conn., indicted for con-
spiracy to defraud the government.
They were indicted with Senator
Norah and others. They will be
brought to Boise at once to answer
the charges.

Alvan W. Trowbridge Dies.

New York, Sept. 19.—Alvan W.
Trowbridge, former president of the
American Bankers' association, died
at his home in Hackensack, N. J.,
Wednesday. He had long been con-
nected with the National Bank of
North America, and the Registration
Trust company, of which he was once
president, and was one of the found-
ers of the Trust company of America.

Glass Workers Go on Strike.
Alexandria, Ind., Sept. 18.—Because
they were displeased with the pay
days set by the company, 500 em-
ployees of the Pennsylvania Plate
Glass company walked out Wednes-
day. The officials of the company say
they will make no attempt to work
the plant.

Former Mayor Is Indicted.

Kenton, O., Sept. 19.—The grand
jury Wednesday reported 13 true bills
against former Mayor Thomas H.
Black for forgery, and three for em-
bezzlement.

Read the want ads.

YEARLY PROFITS OF 1,000 PER CENT

EARNINGS OF THE STANDARD OIL
COMPANY OF INDIANA.

QUEER FINANCIAL PUZZLE

Comptroller Fay Can't Explain Strange
Method of Handling Accounts
with the New York
Concern.

New York, Sept. 19.—After eight
was shed upon the remarkable earning
capacity of the various subsidiary
companies of the Standard Oil com-
pany Wednesday when Frank B. Kel-
logg, who is conducting the federal
suit, succeeded in placing upon the
record the profits of 17 of the prin-
cipal subsidiary companies in the years
1903 and 1904.

The statement of the earnings of the
Standard Oil company of Indiana,
which was recently fined \$29,240,000
by Judge Landis of Chicago for rob-
bing, disclosed that in 1906 the com-
pany earned no less than \$10,516,082
on a capitalization of \$1,000,000, or
over 1,000 per cent a year. The Indi-
ana company in 1904 earned more
than any subsidiary company of the
big combine.

Odd Problem in Finance.

Mr. Kellogg developed during the
day, while Clarence G. Fay, assistant
comptroller of the Standard Oil com-
pany, was on the stand, a curious
problem of financial bookkeeping, or
handling of accounts, which Mr. Fay
failed to explain. From figures sub-
mitted it was shown that the Standard
Oil company of New York in 1904
made a profit of \$7,751,160, and paid
in dividends to the Standard Oil com-
pany of New Jersey the total sum of
\$32,998,430.

This transaction reduced the net
assets of the New York company from
\$40,425,900 to \$15,179,706, while the
liabilities leaped from \$47,646,235 in
1903 to \$81,305,145 in 1904, an increase
of nearly \$34,000,000. The gross as-
sets of the New York company, how-
ever, increased from \$88,074,561 in
1903 to \$90,674,852 in 1904. Mean-
while the accounts receivable of the
Standard Oil company of New Jersey
grew from \$19,045,014 in 1903 to \$58,
272,924 in 1904.

Mr. Kellogg closely questioned as
to the figures of the increased liabil-
ities of the New York company and in-
crease in the accounts receivable of
the Standard Oil company of New
Jersey, but he said he could not tell
until he had examined the books of
both companies, which he told Mr.
Kellogg he would do.

Held Waters-Pierce Stock.

Charles M. Pratt, secretary of the
Standard Oil company, was recalled to
the witness stand and told how he had
held, for the Standard Oil company,
the stock of the Waters-Pierce Oil
company at the time when it was not
permitted to operate in the state of
Texas. He said that he held the stock
as a matter of convenience and not to
avoid the anti-trust laws of Texas. Mr.
Pratt threw some interesting side-
lights on the Waters-Pierce Oil com-
pany, the stock of which was held for
a long period by M. M. Van Huren,
who was not connected with the
Standard Oil company. Mr. Van
Huren purchased the stock from Mr.
Pratt and early this year the Standard
company bought it back. The nature
of the transaction showed that Mr.
Van Huren received from the Standard
Oil company exactly what he paid for
the stock, and that during the time he
held it the dividends were paid to the
Standard company.

TRAIN ROBBERS GET \$40,000.

Montana Bandits Secured Money Be-
ing Shipped to Spokane Bank.

Spokane, Wash., Sept. 19.—Forty
thousand dollars, mainly in large bills,
is now declared to have been secured
by the robbers who held up the Great
Northern train near Rexford, Mont.,
September 12. The money is reported
to have been shipped by the Commer-
cial National bank, of Chicago, to the
Old National bank, of Spokane. It is
stated that the banks were insured, and
that neither bank will lose anything.
No trace of the robbers has been re-
ported since that morning, though a
vigorous search has been in progress.
A reward of \$5,000 for each of the two
robbers is offered.

To Cut Copper Output in Half.

New York, Sept. 19.—The output of
the copper mines controlled by the
Amalgamated Copper company will
be curtailed by 50 per cent, of the
normal production immediately, and a
further curtailment will be ordered
should it be deemed necessary. This
decision was reached at a meeting of
the directors of the subsidiary com-
panies in this city Wednesday.

Kills Wife, Drinks Laudanum.

Pittsburg, Pa., Sept. 19.—Robert
McDonald, 37 years old, a chemist
who recently came here from London,
England, Wednesday night cut his
wife's throat, causing almost instant
death, and then drank six ounces of
laudanum. He is in the Allegheny
general hospital in a critical condi-
tion.

Russia Orders New Battleship.

St. Petersburg, Sept. 19.—The Rus-
sian admiralty has ordered a battle-
ship of 23,300 tons from the Baltic
Ship Building works.

Daily Thought.

Have a heart that never hardens,
a temper that never fires, and a touch
that never hurts.—Charles Dickens.

THE NEWS BOILED DOWN.

The marriage of Sir Arthur Conan
Doyle and Miss Jean Lockie took place
in London. Only relatives of the couple
attended.

Japan claims the right to occupy
Pratas Island, near the Philippines,
because it is "no man's land," having
hitherto been unclaimed.

George C. Taylor, who inherited the
income of \$20,000,000 from his father,
Moses Taylor, is dead at his home at
Great Silver, L. I. He was about 72
years old.

A Japanese steamer, the Tafoo
Maru, has been burned three miles
off Ching Kiang, on the right bank of
the Yangtze River, 45 miles from Nan-
king. It is reported that 100 lives
were lost.

Every railroad in Mississippi was
indicted by the grand jury at Jackson
for failure to furnish the state rail-
road commission with a list of passes.
Members of the legislature and state
officials may be indicted.

Trouble has arisen over the extra-
dition of W. H. Adsell, accused of
murder at Hongkong. He took refuge
on the American warship Calveston at
Chefoo and the American authorities
insist on trying him themselves.

Nurse, bride and widow all within
a few hours was the experience of
Mrs. Adior of New York. Her fiancé,
a glove manufacturer, was stricken
with typhoid fever. She nursed him
in a hospital, at his request they were
married as he lay dying, and three
hours after he was dead.

The decision of the Belgian govern-
ment to oppose obligatory arbitration
is attributed to the command of King
Leopold, who is fearful that his claims
in the Congo might be affected in the
event of the adoption of the proposal.
The king's action in this connection
is regarded at The Hague as being in
the nature of a scandal.

The coroner's jury investigating the
recent wreck on the Canadian Pacific
railway at Calodon, in which seven
people were killed and others injured,
made its report at Toronto, Ont., and
directed the arrest of Engineer Hodge
and Conductor Grimes. The railway
company was blamed for putting in ex-
perienced men in charge of passenger
trains.

ON THE GREEN DIAMOND.

Results of the Baseball Games Played
on Wednesday.

Following are the results in runs,
hits and errors, of Wednesday's ball
games:

National League: At Cincinnati—
Chicago, 2, 7, 0; Cincinnati, 1, 5, 3.
(ten innings). At Boston—New York,
10, 14, 1; Boston, 2, 6, 0.
American League: At Detroit—Chi-
cago, 3, 14, 2; Detroit, 2, 8, 1; second
game, Detroit, 3, 3, 0; Chicago, 2, 4,
2. At Washington—Washington, 2, 5,
0; Boston, 1, 8, 0. At Cleveland—
Cleveland, 2, 6, 0; St. Louis, 0, 10, 2.

ENTOMBED IN BLAZING MINE.

Terrible Predicament of Three Men
at Sparta, Minn.

Sparta, Minn., Sept. 19.—Three men
are entombed in the Malta mine here,
which is after. Firemen fought the
blaze all Tuesday night and Wednes-
day, but made little headway. The fire
was started by the careless throwing
of a lighted cigarette into the hay in
the underground stables.

Stranded Steamer Released.

Milwaukee, Sept. 19.—The steamer
Matthew Anderson, which ran aground
near Fox Point, after being lightered
of considerable coal was released
Wednesday afternoon and came to
Milwaukee on her own steam. Tugs
are still at work trying to release the
Alaska.

Auction Bill Printing.

The Gazette has an exceptional
equipment for the printing of auction
bills—new type especially for sale
bills, new presses, high class printers
and everything that goes to make a
perfect piece of work. A free inser-
tion in the Gazette of a notice of your
auction goes with the bill if printed
here.
GAZETTE PTC. CO.

A Bold Step.

To overcome the well-grounded and
reasonable objections of the more intel-
ligent to the use of secret medicinal
compounds, Dr. H. V. Pierce, of Buffalo, N.
Y., some time ago, decided to make a bold
departure from the usual course pursued
by the makers of put-up medicines for
domestic use, and so has published broad-
cast and openly to the whole world, a full
and complete list of all the ingredients
entering into the composition of his widely
celebrated medicines. Thus he has taken
his numerous patrons and patients into
his full confidence. Thus too he has re-
moved his medicines from among secret
medicines, and placed them on a level with
the medicines of known composition.

By this bold step Dr. Pierce has shown
that his formulas are of such excellence
that he is not afraid to subject them to
the public scrutiny.

Not only does the wrapper of every bottle
of Dr. Pierce's Golden Medical Discovery, the
famous medicine for weak stomach, torpid
liver or biliousness and all catarrhal diseases
wherever located, have printed upon it, in
plain English, a full and complete list of all
the ingredients composing it, but a small
book has been printed from numerous
standard medical works, of all the different
schools of practice, containing very numer-
ous extracts from the writings of leading
practitioners of medicine, endorsing in the
strongest possible terms, each and every ingre-
dient contained in Dr. Pierce's medicines.
One of these little books will be mailed free
to any one sending address on postal card or
by letter to Dr. H. V. Pierce, Buffalo, N. Y.,
and requesting the same. From this little
book it will be learned that Dr. Pierce's medi-
cines contain no alcohol, narcotics, mineral
agents or other poisonous or injurious agents,
and that they are made from native medi-
cinal roots of great value, also that some of
the most valuable ingredients contained in
Dr. Pierce's Favorite Prescription for women
are known to the Indians as "sacred-weed,"
one of our most valuable native medi-
cinal plants was gained from the Indians.

As made up by improved and exact
processes, the "Favorite Prescription" is a most
efficient remedy for regulating all the wom-
anly functions, correcting displacements, as
prolapse, anteversion and retroversion,
obstructions, painful periods, forcing on the
nerves and bringing about a perfect state of
health. Sold by all dealers in medicines.

MEN WHO RUN CITIES MEET.

American League of Municipalities
Convenes at Norfolk, Va.

Norfolk, Va., Sept. 19.—The eleventh
annual convention of the American
League of Municipalities opened here
Wednesday for a session of four days.
There was a large attendance. Ad-
dresses of welcome were made by J.
Taylor Ellyson, lieutenant governor of
Virginia, and Mayor Haddock of Nor-
folk.

President Edward F. Dunne, former
mayor of Chicago, responded, telling
of the large number of cities that
have been added to the membership
of the league during the past year—the
largest increase in its history, and the
present flourishing condition of
the organization. An address on "Low
Rates on Public Service vs. Franchise
Taxation," by Allan Ripley Foster, of
Columbus, O., followed.

Councilman Young, of Kansas City,
discussed the difficulties of arriving at
reasonable rates for franchise taxa-
tion. Secretary MacVicar read a paper
on this subject prepared by Mayor
Todd of Jackson, Mich., who could not
attend.

STEEL CARS RECOMMENDED.

Urged by Motive Power Officials of
Harriman Lines.

Los Angeles, Cal., Sept. 19.—Motive
power officials of the Harriman rail-
way lines, in session in this city, have
recommended the installation and use
of steel passenger coaches on the Pa-
cific coast. According to reports made
on the subject, based upon experi-
ments on eastern lines, steel cars re-
duce the cost of maintenance about
one-half. Their safety in wrecks and
fires is their most potent recom-
mendation. Superintendent Smill, of the
Southern Pacific, stated that it is
"only a question of time until nothing
but steel cars will be used." Steel
box cars were also recommended.

Boiler Explosion Kills Eleven.

Toluca, Mexico, Sept. 19.—Neglect
of duty on the part of an employe re-
sulted in the death of 11 persons and
injury to 12 more through the explo-
sion of a boiler in the Ferrer factory
at Acordadero, in the Anahuac dis-
trict of the state of Michoan.

"A Penny Saved is a Penny Made"

Your savings will be counted by dollars if you use

BEN-HUR FLOUR

Buy a sack of Ben Hur Flour and see how much longer it lasts than the
flour you have been using. Then figure out how many sacks less Ben Hur
would be required to supply your family for a year and you will see what
Ben Hur Flour will bring to your home—Light Bread which keeps fresh
and moist for a long period, Dainty Rolls that you never saw the equal of be-
fore, and the choicest Cake and Pies are the results of its use. A poor cook
does better with Ben Hur than with any other flour. A good cook who has
worked hard to make light Bread and tempting dainties from flour which did
not have the goodness in it, will be delighted with the magical results ob-
tained by Ben Hur.

When we buy wheat to make Ben Hur Flour we select the
choicest grain grown in the great Northwest. Before this wheat
is crushed it is thoroughly washed by special machinery. After it
is made into flour it is handled and packed in inspected cars by in-
telligent men of life-long experience, and every barrel is tested before it
leaves our mills. All this because we want every pound of Ben Hur Flour
to increase our reputation for quality and economy. Ben Hur Flour costs you
no more than the inferior kind. If it isn't better you need not buy it again.
